

I spend a lot of time in my car and XM radio has become necessary. I can easily listen to traffic reports for my area and for area to which I am travelling. I love the old time radio shows which are not available elsewhere. I have investing a lot of money on the equiptment, on the service and on the installation as have many others.

A lot of people depend on this service and are willing to pay for it. We should have the right to be able to kisten to what we want to listen to. There is nothing obscene on XM radio.

You must REJECT petition 04-160. PLEASE !!!
